Language immersion - Wikipedia
Language immersion, or simply immersion, is a technique used in bilingual language education in which two languages are used for instruction in a variety of topics, including math, science, or social studies. The languages used for instruction are referred to as the L1 and the L2 for each student, with L1 being the student's native language and L2 being the second language to be acquired.

Mar 12, 2021 · As the COVID-19 pandemic spread rapidly across the globe, many schools struggled to react both quickly and adequately. Schools were one of the most important societal institutions to be affected by the pandemic. However, most school leaders have little to no training in crisis leadership, nor have they dealt with a crisis of this scale and this scope for this long.
